13. THE CAT AND THE BIRDS 猫和鸟

A Cat heard that the Birds in an aviary were ailing. So he got himself up as a doctor, and, taking with him a set of the instruments proper to his profession, presented himself at the door, and inquired after the health of the Birds.

有一只猫，闻言某处鸟舍里的鸟儿们全都生病了。于是，他便扮作医生，带着医生所使用的专业器具，装模作样地来到鸟房前，假装问候里面的鸟儿身体状况。

"We shall do very well," they replied, without letting him in, "when we've seen the last of you."

“我们都很健康，”鸟儿们回答说，并没有让猫进去，“一看到你的大尾巴，我们就全好了。”

A villain may disguise himself, but he will not deceive the wise.

骗子会伪装自己，但决骗不过聪明人。
